

Servo Kinetics, Inc.

March 9, 2023

Dear Valued Customer,

Servo Kinetics is pleased to announce that we have an exclusive relationship with Energy Steel & Supply Co. of Rochester Hills, Michigan to supply the following products to the nuclear power industry:

Servo Kinetics Classic 2000 Series Pumps and Motors, (fka Vickers 2000 Series) parts and sub-assemblies
Beach Russ Vacuum Pumps, parts and sub-assemblies.

The United States Nuclear Regulatory Commission (NRC) in their Generic Letter #89-09 stipulates that replacement parts for existing components must be procured from the Original Equipment Manufacturer (OEM) if available. Energy Steel is able to satisfy this requirement by supplying Servo Kinetics' products.

Please forward all inquiries for the above listed pumps, motors and parts directly to Energy Steel as follows:

Energy Steel & Supply Co.
1785 Northfield Drive, Rochester Hills, MI 48309
P) 810-538-4990
sales@energysteel.com

We are very pleased with this relationship and are confident that Energy Steel will provide you with the highest level of service and quality.

Please feel free to contact us should you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Carolyn Kokalis".
